Colophon

In 1996 Peter Schumann made the Cultural Insurrection masonite-cuts and printed a few books by hand. Between June and October 2004, Lila Winstead, assisted by Maria Schumann, printed the cuts on our Vandercook letter press. Lila set the type for the title page and colophon, and, with Maria, bound 80 books in November and December, 2004 on the Bread & Puppet Farm in Glover, Vermont.
